

Hybrid type compact vertical injection molding machine

STX Series

小型复合式立式注塑机

Performance Specifications

Models	Screw diameter (mm)	Injection capacity (cm ³)	Clamping force (kN [tf])	Clamping stroke (mm)	Min. mold thickness (mm)
STX10-2V*1	16	13	94 [10]	170	130
STX10S2V*2	19	18			
STX10R2V*3	22	25			
STX20-5V*1	22	35	193 [20]	200	150
STX20S5V*2	26	49			
STX20R5V*3	30	65			

STX Series offer single-stage (*1), slide (*2), and turntable (*3) type clamping mechanisms. In addition to the combination listed above, STX20_2V is also available.
